We offer you to take a bird's eye view of the sights of the city of Leipzig and the Neuseenland. No matter whether you want to try it out, just take a sightseeing flight over Leipzig or the Neuseenland or learn to fly.

We also offer helicopters to fly themselves. A sightseeing flight is always a nice gift.

The Böhlen Flying Club was founded on April 15, 1990. Since then he has had an eventful history.

The airfield was quickly completely destroyed by two fires in 2008 and 2009.

The Böhlen Flying Club was faced with the ruins of its work and would have lost its livelihood.

But thanks to the hard work of all members, the airfield was able to be rebuilt despite all odds.

We are very honored that we are able to offer flights around and over Leipzig from Böhlen airfield.
